Math Course Placement

Placement Guidance	
Requirements – 3 Credits (cannot be waived) • Algebra 1 A/B (lowest level allowed) • Geometry A/B • Algebra 2 A/B or 3rd Year Math Advanced students can use PreCalc or Calc to meet the 3-credit requirement if no Algebra 1/Geom credit. **Replacing Alg2 with 3rd Year Math Notes** • Must be aligned with HSBP goals • NOT for 4 year college enrollment	**Use CR First** If a student has attempted the course previously and they have a strong prior attempt (engaged in the course) use CR. See CR Section for more info. NOTE: No concurrent enrollments with companion course. Example: Don't schedule MTH126A AlgA CR with 128B Alg B in the same term. Schedule AlgA CR first, then 128B in a later term.

Science Scheduling 22-23

New Science Sequence – Use for all NEW students for 22-23

NOTE: All ISWA science courses qualify as a Lab Science

Grade Level	Track A: Advanced Track for students with 8th Grade Algebra Credit		
9	Biology A or Anatomy and Physiology A Biology B or Anatomy and Physiology B		
10	Chemistry A* Chemistry B**		
11	Physics A Physics B (IST Supported)	Earth A or B Sci Elective	Sci @Running Start

Grade Level	Track B: All Other Students		
9	Biology A or Anatomy and Physiology A Biology B or Anatomy and Physiology B		
10	Take both of the following in ANY order Earth Science A & Physical Science A		
11	Chemistry A* Chemistry B**	Chemistry A* Sci Elective	Phy Science B *** Sci Elective

*Must have 1.0 Algebra Credit to enroll

**Must have completed Algebra IIA or be Co-enrolled Algebra IIA

***Physical Science B is recommended as an 11th grade level course in lieu of Chemistry A for students not planning to attend a four-year college after high school

5

Science Elective Courses

- Anatomy and Physiology* (Planned for 22-23)
- Astronomy
- Earth Science B
- Any other science course that was not previously taken

Frequently Asked Questions:

- What about transfer students?

After reviewing a student's prior credits, use the above placement guide and do a "best match" placement based on student needs. Attempt to follow our sequence whenever possible.

- What about special education students?

Students should follow the appropriate sequence based on their post high school plans. Teachers will provide required accommodations and modifications as outlined in their IEPS.

- Do students need to take Chemistry?

Students planning to attend a four-year university need to take Chem A & B for college admission. If a student is not planning to attend a four-year university, Physical Science B also introduces chemistry concepts and addresses those required state standards.

*Anatomy and Physiology is considered a 2 for 1 credit. This means that students earn a 1.0 Science lab credit while meeting the CTE graduation requirement.

Enrollment Restrictions
 	
- **New Student Enrollment Restrictions**
  - **CR is not allowed during their first term of enrollment. T1 new students can do CR T2/T3, T2 new students can do CR T3. T3 new students cannot use CR.**
  - **Students must be informed that CR enrollments may be dropped if the student does not pass courses during their preceding term.**
- **Student MUST have a transcribed prior attempt to be enrolled in CR courses**
- **Student may take no more than 2 CR courses per term**
 	
Course Information
- **Course runs for the full trimester**
- **Shortened Versions of the Core Course**
- **Pre-test given before every unit**
- **If score 70% or greater on pretest – score is carried forward for the final test.**
- **If score is less than 70% student is required to complete additional content/learning before the unit test**
- **Some ELA Courses will require written response**

Advisory Courses

For the 22-23SY, ORN400 will be offered each trimester. All students should be scheduled in **ORN400 Advisory SM9 Finding Your Path IV** *with the start date matching their cohort start date.*

With this change – please keep in mind the following:

- Course will be graded out after each trimester.
- Course remains CR/NC – which means it will earn credit, but not impact GPA

*IST FLAGGED COURSES Be sure student is aware of the following "This course is taught by the K12 Instructional Services Team (IST). These courses will not follow the ISWA Class Connect Schedule. While IST teachers offer Office Hours to support learning through drop in help, they likely will not hold Class Connect sessions outside of these Office Hours. IST teachers are required to hold the appropriate Washington State teaching credentials for the course(s) they teach."

+CR Flagged courses are added as a 5th class following the CR Course scheduling rules – see Credit Recovery for more information.

^MS Office Course: Course requires Windows based computer. Ask family if they have access to a Windows based PC. If not, check Hardware tab. If requested and not approved – eMail hardware@k12insightwa.org If not requested but needed, eMail sperry@k12insightwa.org . eMails should include PC needed for TCH114/115 – and provide student ID & name.
